## Renewal assumptions

**Our renewal terms are based on the following assumptions.**

**If you cannot confirm that these assumptions are correct please advise your insurance broker.**

If there are changes in circumstances that would cause you to amend the answers shown in the attached risk profile (or to any other specific questions we have asked you) prior to renewal date and you do not tell us this may cause a claim not to be paid or reduce the amount payable or we may treat the policy as though it never existed.

The assumptions we are making are:

- The insured's gross income/fees for their last financial year does not exceed £100,000.
- The insured does not have any registered offices, subsidiaries or employees within the European Union (excluding the United Kingdom of Great Britain and Northern Ireland, and its territories).
- You are unaware of any claims or circumstances that are likely to give rise to a claim that you have not already told us about.
- Apart from the above assumptions the insured is able to confirm there are no changes in their circumstances which would cause the insured to amend the answers shown in the attached risk profile or to any other specific question we have asked you.

Cover will be provided by Markel International Insurance Company Limited issued in accordance with the latest policy wording.

Should you wish to discuss our terms, please do not hesitate to contact your insurance broker.
