

They Shall Grow Not Old....

Our drama based presentation will see us exploring the start of the war through the eyes of three families (1) The Millers - who own a large mill producing war supplies (2) The Carters - who work for the Millers in the Mill Offices and (3) the Atkins - who are tenants on the Miller's estate and work in the mill.

David & I will play the part of two Territorial Soldiers who have been brought back into service from the Reserves to recruit and train volunteers - Fiona will be a member of the Maidstone Voluntary Aid Detachment.

Through the drama based presentation we will begin with a general introduction as to how the war started - then explore how the social class of the members of the three families would reflect in the roles they were given once recruited (men and women) - how the war progressed to stalemate - advances in technology, uniform, equipment etc and end with commemoration and remembrance.
