WHAT IS THE COST OF PEACE?

- There are no good or bad answers.
- This is a **SAFE** environment where you can say what you think.
- Everybody must agree that they are **convincible**; otherwise there is no discussion.

HOW FAR ARE YOU FROM THE LINE

We present dilemmas. In the middle of the room there is a line. The more you agree the further you are left of the line. The more you disagree, the further you are on the right.
