

PEACE FIELD PROGRAMME

<http://www.childrensfootballalliance.com/football-and-peace/>

WHAT IS THE COST OF PEACE?

- There are no good or bad answers.
- This is a **SAFE** environment where you can say what you think.
- Everybody must agree that they are **convincible**; otherwise there is no discussion.

HOW FAR ARE YOU FROM THE LINE

- We present 10 dilemmas. In the middle of the room there is a line. The more you agree the further you are left of the line. The more you disagree, the further you are on the right.

GLOBAL PEACE GAMES

1.
Sport can play an important role in society by bringing people together: community cohesion, friendship, sportsmanship and multiculturalism

2.

Sometimes a war is good to solve a conflict between countries?

4.

**There is enough resources
(money, food,...) on the planet
to give every person a decent
life?**

5.

Countries who have ‘the good life’ should open their borders to help people of countries where people have no future?

6.

Affluent western countries should invest much more in conflict / poor regions to give all people on the planet a good life?

7.

**Democracy is the only system
where people can build a
prosperous future?**

8.

The UN is the only ‘power in the world’ who has the right to intervene in conflicts between countries?

9.

When countries are not able to create a good environment the UN has the right to ‘take over’ those countries?

10.

In a world without religion there would not be conflicts?

11.

**In a world without capitalism
there would be no conflicts?**
